Dear Mike,

I would like to take this opportunity to personally thank you for your assistance with the development of our Creative Masters Mustang GT350. By being able to use your accurately restored Mustang, we were able to produce a very authentic replica. Only by having the precise example of the actual car, can we make a true to the original die cast model. Also, your historical perspective was extremely helpful. I look forward to working with you again.

If there is anything we can help you with, please let me know.

Sincerely,

REVELL-MONOGRAM, INC.
